Projects and Honors

Project-

Amazon frontend clone

- I have created the frontend of amazon website (worldwide) as one of my mini project during learning session. One additional feature I have added in it. Amazon pay option in the navigation window which might be used for UPI payment as all the country have started launching in their own nation. This may represent the future upgrade in the website by amazon company.

Intern Role-

- I have completed internship as a web developer intern role by OctaNet Services Private Limited for the duration of one month, January as a remote employee(work from home). My work in it to complete their assigned task on their ongoing project.
- I have received offer letter as a web development intern role by Tech Alpha for the duration of one month, 20 March to 20 April as a remote employee(work from home).

Certifications

- Web design and development(Ministry of Skill Development and Entrepreneurship,India)
- TCS iON Career Edge Young Professional
- Gen AI and Google Cloud Computing Foundation Course

Languages

- **Hindi:** First Language
- **English:** Secondary Language
